Fichet-Bauche guarantees

Our products are subjected to the most stringent tests approved by insurers and A2P-certified by France's National Centre for Prevention and Protection (CNPP). This is the result of integrating our own test laboratory into our factory to impose conditions going even further than those of certifying bodies. Installation is also carried out by our own technicians to ensure certification of your safe is always preserved.

M3B key lock +3 cylinders
(patented by Fichet-Bauche)

Moneo V mechanical
combination lock (B Grade)

Nectra electronic
combination lock

A hallmark of our brand

With 200 years of experience as master locksmiths, we develop and manufacture our own exclusive locks. This is one of the key strengths of our safes and a guarantee of high security. We remain committed to permanent investment in R&D, always looking for more functionality, more resistance, new materials and more advanced lock technologies.

Product details

Enigma cabinets are designed to store frequently used documents. Available in 5 sizes - with 1 or 2 doors -, they offer a fully modular interior space. This allows them to adapt to your specific requirements via a wide range of interior fittings, including reinforced shelves for suspension files or lockable compartments.

PERFORMANCE AND SECURITY

Enigma security cabinets offer:

- ✦ Compliance with Defence & National Security regulations (Grade B as per IGI 1300)
- ✦ Choice of mechanical or electronic locks (all A2P-certified as per EN 1300)
- ✦ Permanent locking triggered in the event of attack (mechanical relocker on all Grade B models)
- ✦ Integrated pivots allowing for coupled installations
- ✦ Locking ensured by patented hook bolts specifically designed to resist mechanical attacks
- ✦ 2mm-thick steel sheet walls
- ✦ Double-walled doors with a total 65mm thickness

INTERIOR FITTINGS AND OPTIONS

- ✦ Standard or reinforced shelves
- ✦ Sliding shelves
- ✦ Sliding tray
- ✦ Lockable compartments (1 or 2 doors)
- ✦ Sliding key holder
