Fichet-Bauche guarantees

Our products are subjected to the most stringent tests approved by insurers and A2P-certified by France's National Centre for Prevention and Protection (CNPP). This is the result of integrating our own test laboratory into our factory to impose conditions going even further than those of certifying bodies. Installation is also carried out by our own technicians to ensure certification of your safe is always preserved.

A hallmark of our brand

With 200 years of experience as master locksmiths, we develop and manufacture our own exclusive locks. This is one of the key strengths of our safes and a guarantee of high security. We remain committed to permanent investment in R&D, always looking for more functionality, more resistance, new materials and more advanced lock technologies.
